NARRATIVE

This survey was performed for the purpose of locating the property corners, flag the lot lines and mapping the contours of Lot S-30, STAGECOACH PHASE, BANDANNA RANCH SUBDIVISION. Points on the lot lines were found as indicated at the roadway. No evidence was found of the back lot corners. The section corners were located and used to calculate the positions of the back lot corners. The distances along the section line were prorated to reconcile the record dimensions as shown on the subdivision plat with the measured dimensions found during this survey. The lot was then mapped as indicated by the contours.

The North line of Lot 29-S was surveyed and staked on 8 Jul 2003.

THIS SURVEY WAS PERFORMED USING G.P.S. (GLOBAL POSITIONING SYSTEM) PROCEDURES AND EQUIPMENT. THE BASIS OF BEARINGS WAS BASED ON WGS-84 DATUM.
