NARRATIVE

This survey was performed at the request of Glenn Defisher for the purpose of marking the property corners and lot lines of Lot 4, Cedar View Properties, Unit 1. The original subdivision plat shows that the North and South lines of Lot 4 are on the aliquot part lines of the South Half of the Northeast Quarter of Section 34. The monuments marking the Public Land Survey System corners which control the subdivision of said Section 34 were found as noted on the plot and used to control the survey. A search for monuments at the lot corners recovered several rebar as indicated. These monuments were found to fall significantly off the aliquot part lines but were used to define the side lines of Lot 4. These lines were then elongated or truncated to meet the aliquot part lines. The lot corners were then set with capped rebar and the side lines marked as noted with lath.
