NARRATIVE
 This survey was performed at the request of Nile Chapman for the purpose of creating the one acre parcel shown on this plot to be joined with the parcel to the South. The southern parcel is described on page 555, Book A368 of deeds in the County Recorder's office. The north line of said parcel is the south line of the subject parcel of this survey. Said north line runs parallel with the North line of the NE 1/4 of the SE 1/4 of Section 21, in order to maintain the 240 feet dimension called for in the deeds. However, the east and west lines of said parcel are called out as being parallel with the West line of State Street, which is not parallel with the aliquot part line. The monuments defining the Roosevelt City Grid system and also the Section 21 aliquot part lines are indicated on the plot and were used to control the survey.
