NARRATIVE
This survey was performed at the request of Mr. Gaylen Robison for the purpose of establishing the boundary lines of the N1/2 of the SE1/4 of Section 36 as shown on this plat and to divide the parcel with the diagonal from the NW corner to the SE corner as per court ruling. The controlling corners around the section were found as shown and noted. This section was originally surveyed using the "three-mile" method in order to set stone monuments at the quarter-quarter corners. None of these stones could be found. The corner positions were determined by single proportion measurement. The parcel was then surveyed as shown.

SURVEYOR'S CERTIFICATE
This is to certify that I have surveyed the parcels shown on this plat, and that the monuments indicated were found or set during said survey, and that this plat accurately represents said survey to the best of my knowledge.
