NARRATIVE

PURPOSE OF SURVEY: Perform a boundary survey and set the property corners as shown. Then prepare a Record of Survey and Minor Subdivision plat to legally convey and transfer land ownership.
BASIS OF BEARING: Based on WGS-84 datum using G.P.S. (Global Positioning System) equipment and procedures.
SURVEY FINDINGS: The right of way lines for U.S. Highway 40 were determined from right of way monuments, fence lines, the highway centerline; and the 1925 and 1961 highway plats.
Also, exceptions 18 and 19 listed in Schedule B Section II of the above mentioned Title Commitment:

18. Warranty Deed from John and Mary Liddell to the State of Utah Road Commission dated 29 April 1953 and recorded 4 June 1953 and entry no. 97244 in book 26 at page 328 of the Official Records.

19. Easement dated 10 June 1925, created for Duchesne County recorded 8 July 1925 as entry no. 33033 in book 8 at page 587, records of Duchesne County, Utah.

The position of the property lines for the West Half of the Northeast Quarter of Section 10 were determined from the section corners, 1/4 corners, and 1/16 corners found and shown on the plat. These are monuments set by the Duchesne County Surveyor and the B.L.M.

NOTE: This survey was performed at the request of Walt Young. It does not insure or guarantee ownership. It does not show liens, easements, rights of way, codes, covenants, conditions, agreements, obligations, or restrictions of use that may be recorded or unrecorded. The location and depiction of public or private utilities, points of diversion of water and water rights are excluded from the scope of this survey.
