

Library Board Meeting Consent Agenda: Oct. 16, 2018

Fruitland Drop Box

The Big G in Fruitland generously gave a portion of their concrete slab on the store's south side to place a library drop box. This spot will be plowed around during the winter and will keep the box out of the dirt avoiding degradation on the box's base. Uintah Basin Association of Governments says they have bus staff that can help empty the box on Tuesdays and Fridays and transport the items to Duchesne Branch. The courier service will begin Nov. 2.

Duchesne Branch Traveling Art Exhibit: 2018 State Fair Prize Photography

The fall traveling art exhibit arrived and will leave on Oct. 25.

Bedtime Storytime: Duchesne Branch

USU Extension has received a new grant to educate and provide resources to the public concern the opioid problem. As such, their attention to Food Sense has been diverted, including staff.

To replace that monthly event at Duchesne Branch, we are trying "Bedtime Storytime." This story time occurs at 6 PM after regular library hours. Children may come in pajamas and bring pillows, blankets, etc. There won't be a craft, but we are going to have a small treat of "Smores in a bag" for the first one. It will be held Oct. 23. (Oct. 25 is the Duchesne Elementary Halloween Carnival.) This will allow school-age children to attend a story time once a month during the school year and is an event more family members can attend together in the evening. We got this idea from Tooele Library at the ULA Conference.
