

## Consent Agenda: June 2020

---

### **History Center Manager Leaves; Position to Be Left Vacant**

Lee Marett, the History Center Manager, took a new job at Roosevelt City on June 1. Though it was the library's hope to hire her replacement, due to mounting concerns over the financial impacts of COVID the position sadly will not be re-hired at this time. The position will be re-hired after financial stability is more certain.

### **Christy Mitchell Leaves**

Christy Mitchell from Duchesne Branch has also found new employment on the Wasatch Front and is leaving June 20. Her position will also not be filled at this time.

### **Story Walks in the Park**

USU Extension has helped the library prepare a weekly event called Story Walk in the Park. The library helped purchase some very large children's books, which USU Extension has taken apart. They laminate each page and mount it to an election-style lawn sign. These book pages are then posted along park walking paths appropriately distanced for social distancing. Families can then walk through the park and read a story together as they do. The Story Walk at Duchesne's Roy Park is Tuesdays from 10 AM – 1 PM and at Roosevelt Central Park Wednesdays from 9 AM – 2 PM.

### **VITA Drop-Offs Resume at Duchesne Library**

The Volunteer Income Tax Assistance program has resumed at Duchesne Branch until July 8. Patrons only drop off their tax paperwork by appointment and return the following week to pick up their return which is completed virtually during the course of the week.

### **Summer Reading Sign-ups**

Both branches initiated their Summer Reading Program sign-ups despite not holding opening events this year. Duchesne Branch is still doing signups at the front desk. Daniel helped Roosevelt Branch create a new page on the library's website for summer reading sign-ups online. Reading logs are also linked there. Over 100 patrons visited the page and signed up their family during May.
